Using this drop-down menu, select **Diets**.

The screenshot shows the TechCare patient profile for SMITH, ALEXIS (Patient # 543611). The page includes a navigation menu on the left with categories like APPOINTMENTS, ADMISSIONS PROCESS, CC MANAGEMENT, etc. The main content area displays patient information, a 'More Information' section with tabs for Informed Consent, Receiving Screening, etc., a 'History (5)' section with a table of medical events, and a 'Diagnostics (0)' section. On the right, there are sections for 'Current Medications (0)', 'Allergies (1)', and 'Flags'. A red circle and arrow highlight the 'Diets' option in the top right navigation menu.

The Diet Menu will display.

The screenshot shows the 'Diets' sub-page for the same patient. The 'Diets' title is at the top left. A red arrow points to the 'Add Diet' button in the top right corner. Below the patient information, there is a 'Diet Status' dropdown menu currently set to 'Current'. Below that is a table with columns: Name, Start, End, Entered By, Instructions, and Last Edited By. The table is currently empty with the message 'No data available in table'. The footer includes copyright information for 2024 TechCare and NaphCare.

The **Diet Status** defaults to **Current**, but users may use the drop-down to look at **Past** and **Future** Diets as well. The **Name** of the diet, the **Start and End Dates**, **Entered By**, **Instructions** and **Last Edited By** will display.

To add a diet, use the **Add Diet** option in the upper right corner.

The **Add New Diet Menu** will display and users may scroll or type in the diet type.

The image shows a software window titled "Add New Diet" with a close button (X) in the top right corner. The window contains a form with several fields: "Diet", "Start", "End", and "Instructions". The "Diet" field is currently open, displaying a dropdown menu with the following options: "High Fiber", "High Protein", "Hypoallergenic", "Low Residue Reflux", "Milk Intolerant", "Non-Formulary Diet" (which is highlighted with a red border), "NPO (End Date Required)", "Pregnancy", and "Purced". Below the form, there are two buttons: "Save" (highlighted with a red border) and "Close".

Once the Non-Formulary Diet is chosen, the **Non-Formulary Diet Request Form** will automatically populate, and users will need to fill out as appropriate. ***Please Note** - the **Justification Information** portion near the bottom of the form is a **Mandatory Field** and is required. *Click* on the **Add Reference** hyperlink in **blue** to add appropriate medical records.

The Add New Reference options will display. Users may choose from **Drug Order**, **History**, **Labs**, and **Progress Notes**. Multiple types as well as multiple records may be added for **Justification Information** as appropriate.

Add New Reference ✕

You are about to complete the NON-FORMULARY DIET REQUEST form for SMITH, ALEXIS

This form must be complete in its entirety by a Medical Provider. Diet Orders will be implemented by Food Service at the next meal following the receipt of the order. Verbal orders will only be honored for 24 hours. **Medical Diets must be reviewed at least every 90-days per CD-170101**

Non-Formulary Diets may be ordered, but require approval from the CMS and NMCD Medical Directors and a consultation with the Food Service Dietician (within 72 hours).

Please indicate if this is a New Order or a Review/Renewal

- New Order
- Review/Renewal
- Continue for 90-Days
- Revise as written below
- Discontinued as of:

Non-Formulary Diet Order (Requires review and approval)

Previous Non Formulary Diet:

Diet Prescribed:

Applies to (check all that apply):

- Breakfast
- Lunch
- Dinner

Instructions/Comments:

Note if the diet is in addition to a regular diet

Justification Information:

REFERENCES (0) - [ADD REFERENCE](#)

Additional Justification:

Inmate was informed that he or she must tell the food service staff member that he or she is picking up a medical diet tray. He or she must show picture ID, must sign for receipt of each medical diet tray. Medical staff will review the order every 90-days to renew or discontinue the prescribed medical diet. Failure to pick up and sign for prescribed medical diet trays may result in cancellation of the medical diet.

Inmate's signature required for New Orders (will pop up on form complete)
